Re: No longer accepting NEW patients – TIN 20-2281089

Provider Relations  
**MultiPlan, Inc.**  
115 Fifth Avenue  
New York, NY 10003

We regretfully inform you that effective 3/1/2009 we will **no longer accept new patients** to our practice whom are enrolled with MultiPlan or its owned networks (e.g. PHCS).

We will gladly continue to see our established patients currently enrolled in MultiPlan or affiliate plans.

Our decision was the result of reimbursement issues with our current contract, particularly with vaccines commonly administered to our patients. Your fee schedule is far below our cost on most vaccines, and providing this beneficial service to our patients at a loss is no longer feasible.

We hope you update your records and provider listings to reflect this change.

Please call us for questions.

Sincerely,

Peter K Moskowitz, MD
