Re: Insurance Network Participation Change

Dear Sir or Madam,

You are receiving this notice because review of our billing records indicate that a dependent of yours is/has been seen by our practice for medical care and is/has been covered by one of the following insurance payors or third-party claims administrators: **MultiPlan, Beech Street, or Private Health Care Systems (PHCS)**.

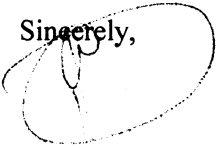

The above-listed private insurers have refused to meet requested terms of our contract re-negotiation and continued network participation, including their failure to reimburse adequately for routine childhood vaccinations.

As of September 1, 2011 we will no longer participate as a network medical provider for **MultiPlan, Beech Street, or Private Health Care Systems (PHCS)**, and thus be considered "out-of-network."

We greatly appreciate the opportunity to serve you and will be very pleased to continue in that role. Our practice is open to patients of all types of plans (please refer to our website [www.abcpediatricsutah.com](http://www.abcpediatricsutah.com)), and as out-of-network providers for **MultiPlan, Beech Street, or Private Health Care Systems (PHCS)**. We are willing to work with you and have payment policies for patients who wish to pay us directly. You may wish to review your benefits under your current plan (as listed above) to determine whether it will provide payment for out-of-network services. If you have questions about your benefits, you may wish to talk with your employer's benefit manager, as these matters are determined by him or her.

As a long-standing member of this community, we are deeply committed to the health of the community and regret very much this intrusion into our relationship. We hope we can continue to be of service to you.

Sincerely,

  
Peter K Moskowitz, MD  
ABC Pediatrics PC
